What Kids Will Say!! Through the eyes of children.....

An acquaintance of mine who is a physician told this story about her then four-year-old daughter. On the way to preschool, the doctor had left her stethoscope on the car seat, and her little girl picked it up and began playing with it. Be still my heart, thought my friend, my daughter wants to follow in my footsteps! Then the child spoke into the instrument:

"Welcome to McDonald's. - May I take you order?"

to drive away many shadows."
